No. MHO/EDMC/2021/1397

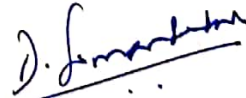

DATED:-30.03.2021

NOTIFICATION

Bureau of Health Intelligence, public health department EDMC has launched the new online application developed by NIC “ <https://mcdonline.nic.in/edmcportal/service> “ for Birth and death registration activities in collaboration with NIC. w.e.f 30.03.2021

The salient features are as follows,

1. Citizen can apply online to register Birth and Death events occurred in non-institutional set ups (for eg. Birth or death occurred in home but not in hospitals.
2. Citizen can apply for addition of name to the child, which has been already registered but unnamed.
3. Citizen can apply online for correction in the details of birth and death event, which has been already registered in case there is any mistake.
4. Hospitals which are not registered under EDMC can apply online for registration of their hospital with EDMC to notify birth and death events of their hospital.
5. Empanelled Hospitals registered with EDMC can notify online for birth and deaths events occurred in their institution.
6. Citizen can download the certificates of the birth /death events registered either in institutional set up or in non-institutional setup and also after corrections in birth or death event registration from EDMC web portal.
7. Now, all services of the birth and death event registration will be carried out only through online mode and there is no need to visit zonal offices of the EDMC to apply for registration or manual submission of requisite documents for registration of birth and deaths events.
