

**MUNICIPAL CORPORATION OF DELHI
SWAMI DAYANAND HOSPITAL
DILSHAD GARDEN, DELHI-110095**

No. SDNH/2023/ 0-139

Dated: 12.01.2023

Rashtriya Bal Swasthya Karyakram (RBSK) screens children from birth to 18 years of age for selected health conditions including Defects at Birth, Deficiencies, Diseases & Development delays including disabilities through trained and dedicated mobile health teams. District Early Intervention Centres (DEIC) are being established at District Hospitals across the country. The purpose of DEIC is to evaluate and manage all children below the age of 6 years by providing medical therapy, physiotherapy, psychological therapy, vision and hearing therapy, dental therapy, nutritional therapy etc. under one roof in near proximity. The idea behind early intervention is to initiate early management and minimising the progression of delays towards disability. In the postnatal years, the cognitive growth and development of the child is at its greatest in the first two to three years. Hence, the importance of early intervention can never be over emphasised.

A walk-in interview for filling up of various posts on contract basis for District Early Intervention Center (DEIC) under Rashtriya Bal Swasthya Karyakram (RBSK), State Health Society, Delhi at Swami Dayanand Hospital, MCD will be conducted in the office of Director Hospital Administration, MCD from 1st to 3rd February 2023.
